Stop NATO Week of Action **30th Aug – 5th Sep**

On 4th-5th September, thousands of diplomats, politicians, and businessmen, including 60 world 'leaders' responsible for countless deaths in wars of aggression, will descend on Newport, South Wales, for a summit of NATO, with a media circus and police occupation to match.

We'll be there to try and stop them.

A variety of groups are calling for action against the summit, which is taking place at the Celtic Manor Hotel. Anarchist Action Network and Stop NATO Cymru are calling for a week of action before and during the summit.

We are calling for a mass action on Thurs 4th Sept, to disrupt the first day of the summit.

Other events against the summit:

8th-29th Aug: The Long March on Newport; walkers and cyclists converge on the summit (notonatownalk.org.uk)

Sat Aug 30th: March in Newport called by No to Nato

Sun Aug 31st: Counter-summit organised by No to Nato

For these events + more, or to help organise the resistance, see websites on front.
